

PRESS RELEASE: GeoTechVision receives award for Business Excellence from JCC.

**Kingston, Jamaica
May 21, 2016**

GeoTechVision Enterprises Limited awarded by JCC for Business Excellence on Thursday, May 19, 2016 the Jamaica Chamber of Commerce (JCC) hosted its 34th Annual Awards ceremony at the Jamaica Pegasus Hotel.

The Chamber of Commerce has maintained a longstanding commitment to the growth of Entrepreneurship and economic development in Jamaica. As part of that commitment, the ceremony recognized the outstanding contributions through seven award categories.

GeoTechVision wishes to express its appreciation to the organizers of this memorable evening for acknowledging its dedication to entrepreneurial excellence.

GeoTechVision, the only geospatial technology company represented in the list of nominees takes great pride in being awarded the 'Best Chamber of Commerce – Small Enterprise' award.

This award recognizes sector performance and best practices in several areas including product and service quality, as well as marketing innovation. Valrie Grant, Managing Director, accepted the prestigious award on behalf of the company. She states, "The entire GeoTechVision team is very happy with this our most recent award. We thank the Jamaica Chamber of Commerce for this recognition. This award confirms our efforts to go beyond simply developing and providing innovative solutions. We consider ourselves trendsetters and drivers in the application of geospatial technology for many diverse industries and with future-oriented solutions, we will continue to help drive the use of location information for actionable intelligence in the Caribbean."

GeoTechVision Enterprises Limited is a leader in the Geospatial Industry in the Caribbean. With offices located in Kingston, Jamaica and Georgetown, Guyana, the team of passionate and experienced professionals remain committed to offering ICT and Spatial Technology solutions and products of the highest quality to its ever growing list of clients.
